INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories, present to subscribers and the general public, this, the latest edition of the Jacksonville City Directory. (In all, the HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,400 city, county, state and national Directories.

Confidence in the growth of Jacksonville's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Jacksonville to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional people and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Jacksonville City Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified city like Jacksonville, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Jacksonville, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite

831987

the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupied homes, the listing of telephone numbers, new householder symbols and Zip Codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

This publication also contains an Onslow County Rural Residents Directory printed on white paper immediately following the Numerical Telephone Directory.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site, and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the city Directory in Directory Libraries where they are readily available for free public reference and serve as perpetual and reliable advertisements of Jacksonville.

The Jacksonville Out-Of-Town City Directory Library

Through the courtesy of the publishers of the Jacksonville City Directory, a Directory Library is maintained in the offices of the Greater Jacksonville Chamber Of Commerce, for free reference by the general public. This is one of over 800 Directory Libraries installed in cities and towns throughout the United States, Canada, and Puerto Rico through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional people who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

JACKSONVILLE, NORTH CAROLINA

General Review

Jacksonville is located on the scenic banks of New River in the south coastal area of North Carolina, 37 miles southwest of New Bern, and 51 miles northeast of Wilmington.

INCORPORATED 1842

The Government of the City of Jacksonville is the Council-Manager form. The Mayor is elected at large, and the four members of the Council are elected from the four wards of the City. The City Manager is appointed by the Council, and is charged with the administration of the City's affairs and is responsible to the Council. To advise and assist the Council and the Manager, there are the following advisory commissions and boards, The Planning and Zoning Board, the Recreation Commission, Cemetery Commission, Board of Adjustments and Review, Airport Commission, Streams and Waterways Committee, and the Streets and Parking Committee.

The Jacksonville Daily News is published every weekday and Saturday afternoon, and is distributed in Onslow County by carrier. A subscriber of United Press International News Service, the Jacksonville Daily News covers all Marine, local, state and international news. A Washington correspondent covers Marine headquarters.

Four modern radio stations serve the Jacksonville area, WXQR, WJNC have been on the air since 1945, WLAS opened during 1956 and WBBS opened in 1968. They have always been alert and quick to serve the best interest of Jacksonville and Onslow County.

TV reception reaches Jacksonville from at least four regular stations. WITN—Washington—Channel 7 (NBC affiliant), WECT—Wilmington—Channel 6 (NBC affiliant), WNCT—Greenville—Channel 9 (CBS affiliant), and WETI—New Bern—Channel 12 (ABC affiliant).

Jacksonville is truly an example of this nation's greatness in that the freedom of religion is practiced. We have the Methodist, Baptist, Lutheran, Roman Catholic, Presbyterian, Mormon, Holiness, Pentecostal, Jewish and Episcopal Churches.

In Jacksonville, business firms offering all types of merchandise and services total in excess of 400.

There are over 200 buses leaving and entering Jacksonville daily, the Seaboard Coast Line offers daily freight service.

Tourist accommodations in Jacksonville are numerous. There are hotels and many fine motels.

A County Hospital completely equipped with facilities assist our doctors in keeping our citizens in good health. Among the new items is an X-ray Machine, presented through the local Cancer Society by the citizens and Marines of Onslow County. In addition to its fine surgical and mechanical instruments and machines, the hospital is capably staffed with outstanding men and women who are our doctors, nurses and managerial staff.

Snowfall	1.9 inches
Mean annual Temperature	60.6 degrees

Metropolitan Jacksonville is one of the fastest growing communities in the State of North Carolina. The growth has been of such proportion that it is almost impossible to give in any concise manner, an idea of all the changes that have occured and to interpret what all the changes in the civic, social and business life of the City mean to those who live here.

The population statistics for the City of Jacksonville show the reason for the increased services and needs of the Community. As can be seen from the following table, Jacksonville's population has more than tripled in the short time between 1950-1956.

Year	Population
1940	873
1950	3,960
1960	13,491
1970	16,202
1973 (estimated)	19,000

Onslow County was formed in 1734, from New Hanover County, and was named for Sir Arthur Onslow who was speaker of the House of Commons in the British Parliament.

The first Court House for Onslow County is believed to have been located at Court House Bay, six miles from the mouth of New River. The second County Seat and Court House were on Northeast Branch about twenty miles from the mouth of New River where the U. S. Marine Corps Officers Quarters at Paradise Point, Camp Lejeune, are now located.

The third Court House location at Johnstown, named for Royal Governor Gabriel Jamestown, was about 14 miles from the mouth of New River. The town failed to grow and most of the buildings were destroyed by a hurricane in 1752.

The fourth and present site of the Onslow County Court House was named "Wantland Ferry" for James Wantland, who in 1756, donated an acre of land "convenient to many" for the Court House. Four edifices preceded the present structure erected in 1904, and remodeled in 1951.

Records in the Register of Deeds Office at the Onslow County Court House date back to 1713.

President George Washington passed through Onslow County on his southern tour in 1791, enroute to Wilmington. He took breakfast at "Everetts" near Richlands, had dinner at Captain James Foy's at Rick's Run and spent the night at "Sage's Ordinary," in the southern part of Onslow County. President Washington wrote in his diary about this part of his trip.

Two Governors of North Carolina may be claimed by Onslow County.

Edward B. Dudley, elected from New Hanover County, the first Governor elected by the direct vote of the people served two terms from 1836 to 1841. He was born and reared in Onslow County.

Governor Daniel C. Russell, born in Brunswick County, was the son of two Onslow County natives and spent his childhood at the home of his grandfather, David W. Sander, a member of the Council of State. Governor Russell served from 1897 to 1901.

New River, despite its name, is known to be the mouth of one of the oldest rivers in America. It is the only large river in North Carolina with headwaters and mouth in the same county, Onslow, and it is one of the few rivers of any size in the United States which flows almost due South. Its three forks are also unusual in that they bring little water in to feed the main stream. Another peculiarity is that it seems to be all mouth and nothing much more, the estuary is about 20 miles long and in places three to five miles wide.

Wars have seriously affected the New River Region through their early history.

After the Indian Wars, Spanish Buccaneers and Pirates beset the region. During the Spanish invasion in the 1740's, prisoners were brought into the Onslow County Section through Bear Inlet.

Militia men were trained for the French and Indian War, and for the Revolutionary conflict inthe New River Area.

Onslow County residents had courageous parts in the fight for freedom and independence.

Within two years after the creation of the U. S. Marine Corps, Marines were on duty in the coastal area, being assigned to the privateer Sturdy Beggar of New Bern in 1777. They sailed against two English rigs which had arrived within the Bar on the Carolina seashore and captured several vessels.

In 1941, at the outbreak of World War II, the area around Jacksonville was again the scene of U. S. Marines on duty. Camp Lejeune was originated and named for the famous General Lejeune. Camp Lejeune is one of the world's largest amphibious training bases, covering an area of 173.8 square miles. Camp Lejeune starts a mile from the center of Jacksonville and extends to the Atlantic Ocean. The Base is a city in itself and is completely self sufficient. It has its own power plant, garbage and disposal plant, water treatment plant. Its buildings which number in excess of 400, are permanent structures of steel, brick and concrete. It is beautifully landscaped with azaleas and native flowers. Camp Lejeune offers its visitors an unparalleled view of America's defense strength in its natural scenic beauty.

AN IDEAL PLACE TO LIVE

Jacksonville can be your home while you hunt and fish in the beautiful forests, rivers, creeks and ocean that are in and border Onslow County. In our forests and plains there are bear, deer, quail, rabbit, wild turkey, duck, geese and many other game birds and animals to be found.

The City is situated on beautiful New River, which has been known by many generations as fresh water fisherman's paradise. The great game hunting reserve known as Hoffman Forest covers 80,000 acres and almost reaches the City. U. S. 17 (Ocean Hiway) runs through Jacksonville.

In New River and its creeks, and in the Atlantic Ocean, a veritable treasurer of thrills and surprises await the angler with the multitude and assortment of fish to be caught—bass, perch, trout, blues, sheephead, mullet, etc.

There are over ten miles of sand beach bordering the Atlantic Ocean, within easy driving distance from Jacksonville.

The city has its own recreation building which operates daily programs. There is a beautifully equipped USO Club serving the off-the-base needs of the many Marines based at Camp Lejeune.

In addition, there are six modern indoor theatres and also four drive-in theatres in the area. Jacksonville also has a modern country club with a golf course and swimming pool which was completed during 1956.

The new Albert J. Ellis Airport was opened February 15, 1971. The runway is 5200 feet long, capable of being extended to 8,100 feet. Regulation lights, electrical building and radio equipment. The airport is serviced by Piedmont Airlines with three northbound and three southbound flights daily.

Out of Sight--Out of Mind
Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

Out of Sight! - Out of Mind! - Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. ***Insist on being well represented in its pages.***

Our Professionals Can Help You Make Life A Lot Easier

Carolina Power & Light Company has teams of experts ready to help solve your particular problems. They'll give you ideas and professional advice on the most efficient ways of using electricity to meet your needs at work and home. And they'll do it free! Just ask.

Electric Consumer Consultants

Graduates in home economics, they can meet with school and civic groups or individuals to explain how electricity can be used efficiently in the home to conserve energy.

Residential Representatives

They work with you, your builder, contractor, architect, and heating contractor in designing the best, most efficient and economical heating and cooling system for your individual requirements.

Agricultural Representatives

These men have the most up-to-date information to help farmers lower costs and increase profits. They know how a farmer can benefit most from using electric service wisely.

Industrial Representatives

They help industries increase performance and cut costs with the proper lighting, heating, and new, improved energy-conserving applications of electric service.

Commercial Representatives

This specialized staff provides professional energy and money-saving assistance in such areas as lighting, heating and cooling, and cooking in office buildings, schools, churches and stores.

CAUTION . . . . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

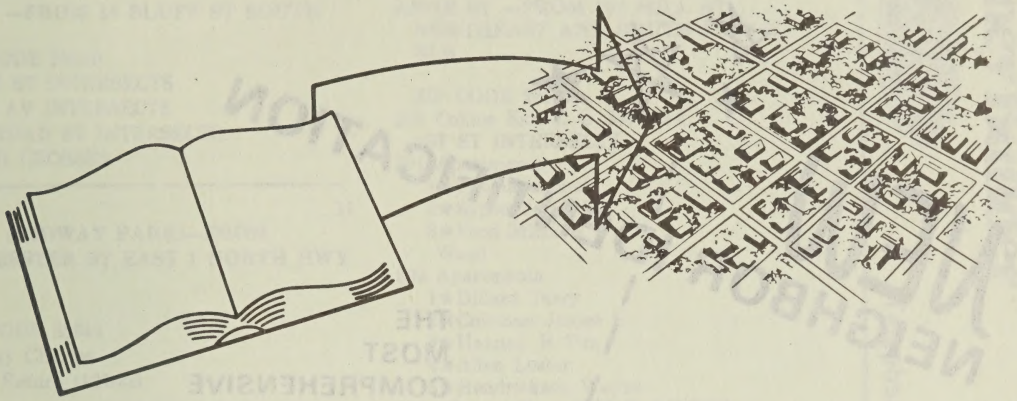
USE YOUR STREET DIRECTORY FOR ...



— *The Most Comprehensive List of Occupants By Addresses*

- BY NEIGHBORHOOD, AREA, SECTION OF CITY
- BY NEW "MOVE INS" ON EACH STREET
- BY PROPERTY OWNERSHIP
- APARTMENT OR OFFICE BUILDING OCCUPANTS
- ZIP CODES

— *Neighbors Of Your Present Customers...*

Reveals friends, neighbors of present customers
Permits mail, telephone or personal contact of prospects
Identifies home businesses or professions
Identifies prospects not in telephone book or with unlisted telephones
Identifies householders
Reveals new families in your area
Shows renters on each street

— *Identification - Collections - "Skip" Tracing*

Verifies home ownership and other information concerning applicants
Lists all occupants of apartment and office buildings
Shows telephones of neighbors of "skip" for obtaining new address or information
Shows nearby businesses who may know applicant or "skip"

— *Deliveries And Service Calls...* AVOID DELAYS -- SAVE TIME AND DOLLARS

Verifies addresses
Reveals nonexistent or illegibly written house numbers and streets
Shows location of intersecting streets
Shows apartment numbers and occupants of each apartment
Permits verification of telephone orders and defeats "prank" calls

— *Emergency Use...* CLOSEST NEIGHBOR...NEAREST PHONE

Especially helpful to law enforcement agencies, public service organizations, members of the medical profession, schools, hospitals and others where immediate contact is frequently necessary to save lives, prevent crime, apprehend criminals, relieve suffering and in many other emergency situations.

Out of Sight--Out of Mind

Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

* * *

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

NUMERICAL TELEPHONE DIRECTORY

BLUE PAGES

This Directory takes the "mystery" out of blind numbers. It lists telephone numbers in numercial sequence, making it easy to "decode" blind phone numbers in classified ads—especially valuable for real estate agencies, used car dealers, etc.

WHAT'S IN A PHONE NUMBER?

ABOUT THE FIRM:
Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL:
Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.

CAUTION . . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

"A Real Necessity in Every Office"--The City Directory

HOW TO USE YOUR CITY DIRECTORY

The major departments in the Directory are arranged in the following order for ready reference:

1. **INDEX TO ADVERTISERS**
2. **INTRODUCTION**
3. **BUYERS' GUIDE**
4. **CLASSIFIED**
5. **ALPHABETICAL SECTION**
6. **HOUSEHOLDERS' and STREET GUIDE**

Particular attention is directed to four symbols as being important contributing factors in supplying complete information. They appear as follows: ALPHABETICAL SECTION, "h"—Householders, "r"—Resident, HOUSEHOLDERS' AND STREET GUIDE, "Δ"—Telephone Subscriber, "◎"—Homeowner.
